# Dartmouth Health Center for Advancing Rural Health Equity

Combining the wisdom of the community with the power of the academic center

## Healthcare Redesign

Translating knowledge into practice to meet the needs of our populations

## Research

Community-engaged research, creating evidence to inform practice

## Community Action

Community and health system partnerships responsive to local needs

## Education

Training, learning and the sharing of knowledge

CARHE brings together four pillars of work: healthcare redesign, research, community action and education.
